Münster, October 2024

**The change to a secondary school  
-Possibilities of information for parents-**

Dear parents,

your child will be moving from primary school to secondary school for the 2025/26 school year. Before choosing a school type for your child, there are a number of options to help you find out more about the various schools:

- A special information event at your primary school about the courses in secondary schools in secondaryphase I and the local offer of schooling (dates will be announced by the school administration)
- The brochure “Secondary Phase I in North Rhine-Westphalia” (in German) available at all primary schools
- Personal advisory session at your primary school (dates will be relayed to you by your child’s form teacher; the needs of children receiving additional support under the *Erstförderung* system for recent immigrants will be taken into account)
- The Internet schools database on the site of the Department for School and Further Education (Amt für Schule und Weiterbildung) [www.stadt-muenster.de/schulamt/schule-in-muenster/schuldatenbank](http://www.stadt-muenster.de/schulamt/schule-in-muenster/schuldatenbank)
- information events at secondary schools (see “Information events and open days”)
- The Educational Psychology Advisory Service (Schulpsychologische Beratungsstelle), which supports in decision-making processes for school careers amongst other things with diagnostics testing and evaluative talks
- The Education Advisory Service (*Bildungsberatung*), which provides help and advice with questions on your route through the school system, including in other languages if required.

Wishing you a confident decision that is positive for you and your child.

Im Auftrag

Klaus Ehling  
Director of the Department for Schools and Further Education

## Information events and open days

Information as provided by the schools as of October 02, 2024.

Some schools will conduct their information events online. Schools are responsible for informing parents of any changes to dates or event details. To avoid missing any change of date or details, please check with the school directly. Please note that many of the information events and open days require you to register in advance via the school's website.

Scan the QR code to visit the Education Office (*Amt für Schule und Weiterbildung*) website, where you can view this information in digital format in a range of languages:
